Item #0395-0201

Bay Rum

Date Prepared: 6/1/07

SECTION 1 PRODUCT IDENTIFICATION

Product: Bay Rum

Emergency Telephone Numbers:

Humco Holding Group, Inc. 800-662-3435
Chemtec 800-424-9300

SECTION 2 HAZARDOUS COMPONENTS

Component	Percent	CAS No.
Ethyl Alcohol	47-52%	64-17-5

SECTION 3 PHYSICAL DATA

NOTE: Specifications below market with an asterisk (*) are for Pure Ethyl Alcohol

Boiling Points: 83°C (181°F)

Melting Point: -173°F *

Specific Gravity: (H2O =1) 0.926 @ 25°C

Solubility: (In Water) Complete

Vapor Pressure: (mmHg) 44.6 mmHg @ 68

Vapor Density: (Air=1) 1.59*

Evaporation Rate (Butyl Acetate=1):NA

% Volatiles of Volume: 100

Appearance and Odor: Clear and colorless with Bay Oil Fragrance

SECTION 4 DEGREE OF HAZARD

Degree of Hazard

4- Extreme	Flammability	3
3- High	Health	1
2- Moderate	Reactivity	0
1-Slight	Special Hazard	0
0- Insignificant		

SECTION 5**FIRE AND EXPLOSION HAZARD**

Flash Point: 24°C (75°F) Tag Closed Cup

Fire Extinguishing Media: Note: Individuals should perform only those firefighting procedures for which they have been trained

Special Firefighting Procedures and Precautions: Use dry chemical, “alcohol” foam, or carbon dioxide; water may be ineffective, but water should be used to keep fire-exposed containers cool. If a leak or spill has not ignited, use water spray to disperse the vapors and to protect men attempting to stop a leak. Water spray may be used to flush spills away from exposures and to dilute spills to non-flammable mixtures.

Unusual Fire and Explosion Hazards: Firefighters should wear self-contained breathing apparatus in the positive pressure mode with a full face piece when there is a possibility of exposure to smoke, fumes, or hazardous decomposition products.

SECTION 6**HEALTH HAZARD DATA**

First Aid Instructions for Accidental Exposure:

If on Skin: May cause irritation and defatting of skin on prolonged contact. Immediately flush affected area with plenty of cool water. Remove and wash contaminated clothing before reuse. Get Medical attention immediately.

If in Eyes: Liquid or vapor may cause irritation. Immediately flush effected area with plenty of cool water. Eyes should be flushed for at least 15 minutes. Get medical attention immediately.

If Inhaled: Provide Fresh air. Consult a doctor if irritation occurs.

If Swallowed: If victim is conscious and able to swallow, have victim drink water or milk to dilute. Never give anything by mouth if victim is unconscious or having convulsions. Call a physician or Poison Control Center Immediately. Induce vomiting only if advised by physician or poison Control Center.

SECTION 7**REACTIVITY DATA**

Stability: Stable

Hazardous Polymerization: Not Likely
